

Hello my name is TaShina Malatare I have just recently started at Two Eagle the day after Thanks Giving break. It is a very fun school just as the public school, but a tad bit more exciting here. When I first got here it was like I was all in the place I needed to be in and wanted to be in. My decisions for next year is to stay at this school because I know I will work better for the fact that I like it and its pretty much the same as public schools.

I have come to this school for many reasons, but I will tell you a few because there are a lot of them. Well to start you off one reason I have came here is because I wanted to actually fit in somewhere and go to an actual school with all Native American kids. Another is because I ~~only didn't~~ like how Two Eagle River school has Monday threw Thursdays of school. I also liked how if you get so many points at this school they award you with it. The awards are awesome not only because some of them are trips but because it actually makes me want to work harder so I can get to go somewhere for working hard. I think most of the kids here don't just work for that but they do like to work hard for these awards.

There are tons of things I like about this school there is nothing that I don't like about it. As I said before this school is no different then the public schools just the thing about all Native Americans. I think this school is a lot of fun because you get to work at your own pace with your work and you don't have to rush threw it. My school life here is fun for the fact that I like how everyone is always so nice and always have smiles. I like it because there a lot of choices here. I like how they also have sports here put it this way I like everything here.
